Considerable Disaffection Over Vote On Suspending Use of River Water.

Considerable disaffection is being manifested about the village because of the outcome of the recent village meeting. It seems that at the meeting in question there was not a fair representation of the voters of the village and that there was a motion made and voted that the village should suspend its use of the Passumpsic river water for domestic purposes. Now the complaint arises that the village authorities are stopping the use of the water in pursuance of the order and that families on the outskirts of the village are being deprived of its use unjustly. They feel that they should be allowed the use of the river water for the purposes of watering their cows and for other purposes other than cooking and drinking purposes. Another meeting will doubtless be called for the purpose of rescinding the action already taken or at least to modify it somewhat.

Arthur Taplin and David Frechette were called to Windsor this week to attend the United States court as jurors.

The political situation looking forward to the election of county officers at the September election was more and more interesting. The Democrats of the county are to have a mass convention on August 6. It is expected that at that time the slate, political, may undergo some slight changes. As in the month of strawberries and roses just past, the fight for high sheriff seems to be very much in the fore. Prior to the Republican convention there was a hard-fought battle between the present incumbent, George F. Winch, of McIntosh Falls and his aspiring successor, Wilbert H. Wortham of St. Johnsbury. Wortham crossed the bar of the convention by a small margin—four votes. The result was not very satisfying to Sheriff Winch, inasmuch as he claimed the entire strength of Ryegate, whose delegation was refused a seat in the convention because of a fight, which was precipitated in Ryegate at the time of the regular caucus. Sheriff Winch claims that if the Ryegate delegation had been seated he would have been the nominee of the convention instead of Mr. Wortham. Now the convention is history, but some of the sparks of the old fire are still smouldering.
